

MACHINE V MAN

THE MACHINE TRIES TO PERCEIVE THROUGH QUANTIFICATION.

I DO - WITH SUBTLETIES THE MACHINE ONLY DREAMS OF.

AND I DON'T NEED TO QUANTIFY TO "ACT" CORRECTLY.

THE MACHINE LOOKS FOR THE "EXACT" THAT DOESN'T EXIST.

I SEE THE "APPROXIMATE" THAT DOES.

AND "APPROXIMATE" IS ENOUGH.

THERE IS INDEED AN "UNSOLVABLE PROBLEM":

THE BRIDGE BETWEEN PERCEPTION AND ACTION CANNOT BE RELIABLY BUILT.

PERCEPTION CANNOT BE RELIABLY QUANTIFIED, MUCH LESS THE "REACTION" THERETO; TWO DISTINCT MATTERS.

MACHINE V MAN

ALL THE "BLACK BOXES", MODELS, ET AL., AD INFINITUM, THAT PURPORT TO QUANTIFY THE FORMER, MUCH LESS THE LATTER, AND PERFORCE, CORRECTLY QUANTIFY THE TWO IN INTERACTION FOR A PRECISE RESULT, IS INDEED PURE FRAUD.

POWERED BY IGNORANCE, ARROGANCE AND EXTRAORDINARY POPULAR DELUSION.

THE REASON THIS IS SO IS BECAUSE OF HUMAN NATURE.

PEOPLE WANT TO BELIEVE THAT THE ANSWERS ARE IN MATH, SO THEY CAN PUSH THAT MAGIC BUTTON AND OUT COMES MONEY.

"SUCCESS" OR "POWER" OFFERS NO IMMUNITY TO BELIEF.

TO THE CONTRARY, THEY SERVE AS THE APHRODISIAC.

SUCH A "FORMULA" WILL ALWAYS BE PURSUED TO ULTIMATE FAILURE.

ALL OF THE ABOVE, IS IN THE PROCESS OF BEING SPECTACULARLY DEMONSTRATED IN MARKETS.

IT WILL PROVEN ONCE AGAIN IN MARKETS, THAT THE HUMAN MIND REMAINS SUPERIOR TO ANY MACHINE YET DEVISED.
